Unworthy to Hold Office.

BIRLIN, Feb. 2 A despatch to the Frankfarter Zeitung from St. Petersburg says: An imperial Ekase declares that the builds of the nobility in the government of Fvan are unworthy ever to occupy pedate office. This is because they supported the Provincial assemblies aspirations for local government. It was the address from the Fvar deputation mainly that charted the Crar's recent declaration that he would uphold the autocracy of the Car.

Thinks the Scheme Will Not Work.

LONDON, Feb. 2 The Frankfarla News referring to the scheme to issue \$50,000.000 of Confadian Preside Rudway stock, the intricky to be guarinteed by the Camdum government, says, It is a wild cat preject, monstrous on the face of it, and count mind not but by Armstrong's eduncation with it, but also by the unfabrotable ponditions which now influence Canadian Frankways.

Canadian Frankways Canadian Picette shreeholders need not shake with feur, for the scheme will certainly never be realized.

BIRLIN, Feb. 28. In the denate on the anti-revolution bill yearerday a Centrist member moved to spend the paragraph relating to the glorying of crime so as to make it apply to duelling.
Conservitive speakers contended that the ling was part of the axising code of honor, was good for society and could not be abolished.
